Paul Newman

"We LOVED our frozen ready meals, as did the friends we took them to. It made life so much simpler and it was so exciting to feel like we were eating out when we were eating in! The oriental dishes were utterly delicious."

- Tripadvisor

"Delicious food delivered to our holiday house, all prepared and packaged beautifully. 2 families got to eat 3 course dinners every night, it was like having a private chef - best cottage pie we've ever tasted!"
